

## FARM NEWS

By Tom Casaday, County Extension Chairman

**CORN**  
Jr. Holloway, of Route 1, New Brockton, has some of the best corn I have seen this spring. Holloway also has about 38 acres of peanuts and 16-1/2 acres of cotton, and he also grows hogs. Holloway said, "This is the best looking corn I have ever had. I hope the rains will come at the right time."

### CAMELLIAS

Whether you are an old pro or an amateur camellia grower, propagation can be one of your favorite hobbies. You won't need expensive equipment, either—just a good knife, saw, and hammer or mallet. Then you can continue to multiply your choice varieties and add new ones to your collection. Stop by our office in Enterprise or Elba and pick up our new circular called "Propagating Camellias". It tells all you can't come in give a call or send us a card and we will be glad to mail you a copy.

### HOG SHORTCOURSE

Everything is all set for the Hog Shortcourse which will begin on Tuesday night, June 28, at 7:30 p.m. Four sessions, 2 hours in length, will be held on June 28, July 5, 12 and 19. Plans are being made to conduct this shortcourse in the Elba courtroom which is well lighted and air conditioned. The specialist staff assisting with this shortcourse will be Dr. Thomas High, who will teach the first session on production and management and swine nutrition. Doctor Worth Lanier will teach the third lesson on sanitation and disease control. Mr. Jimmy Danton will teach building and equipment, and Mr. Dan Linton will teach marketing. We hope to have 100 top hog growers enrolled in this course.

and grazing crop. He's using his 20 acres entirely for hay and is expecting four cuttings this year.

### SALES

Mr. Pat Brown, of Route 1, Enterprise, came by the office a few days ago to talk about locating good Duroc breeding stock. Mr. Brown has had one of his best years in hog production and sales the past twelve months and he is anxious to continue improving his hog plans. From time to time Mr.

Brown has some pure-bred hogs and gilts available. We desperately need some good purebred and registered breeders in Coffee County.

### NEW AGENT

Dan Presley, our new Extension Farm Agent, is getting set up to work closely with 4-H Club boys this summer. One of his first activities will be the 4-H Club Hog Show which will be held in Elba in conjunction with the Graded Hog Sale in early August.

Over 100 boys have hogs as part of their 4-H project work.

### FARM BRIEFS

Today one farm worker provides food and fiber for 35 other persons.

About 3,000 more acres of vegetables for processing will be produced and marketed in 1966 than last year.

Results of studies show that bicarbonates have proved useful in preventing low-fat milk.

## Nursing Classes To Begin At Napier Field

Applications are being accepted at the George C. Wallace State Technical School, Napier Field, Dothan, Alabama, for the September, 1966 class in Practical Nursing.

Interested women between the ages of 18 and 50 are urged to contact the school for further information.

## County Baptist To Hold Revival Next Week

New Haven, Damascus, Mt. Gilead and Ino churches have been working since last winter in preparation for a tent revival. The dates are June 19th thru June 26th. The tent will be located about three miles West of the Damascus community, on about a mile West of the Elba-Samson highway, on paved county road.

The Evangelistic team will consist of Reverend Bobby Britt and Jim Moses, of Birmingham. Britt is a full-time Southern Baptist Evangelist. He is a graduate of Howard College and Southwestern Seminary in Louisville, Kentucky. He has preached in revivals over the United States, and in Central and South America.

Jim Moses, the song leader, has as his theme: "Singing Forth Christ's Word Through Music." He is originally from Ohio, but he received his education at the University of Alabama and Carson Newman College in Tennessee.

He plays eight different instruments, including: piano, trombone, trumpet, musical cow bells, sleigh bells, organ and others. He uses over 300 bells. The meeting will be held in a 60 x 90 foot tent. There will be plenty of parking space.

**Bess Attends Emory Math Institute**

Howard E. Bess, Jr., math instructor at New Brockton High School, is attending the National Science Foundation seven-weeks Institute for Teachers of High School Mathematics, directed by Doctor Bevan K. Youse of Emory University, Atlanta, Georgia.

The major objective of the Institute is to provide a program of study to improve the mathematical competence of the high school mathematics teacher. Courses will include: Introduction to Algebra; The Number System; Mathematical Analysis; Introduction to Geometry; and Foundations of Mathematics.

**Elba Native Joins Army Nurse Corps**

James M. Brooks receives congratulations from Sgt. William Gracy, Army Nurse Counselor for North Alabama, for his recent enlistment into the Army Nurse Student Program. James is the son of Mr. and Mrs. Malcolm Brooks, Route #3, Elba, Alabama. He is a graduate of Elba High School, Class of 1961. He is presently a senior student nurse at University Hospital, Birmingham.

JIM MOSES  
Song Leader

**Troy Prexy To Attend Conference**

President Ralph Adams of Troy State College will attend a National Foreign Policy Conference for educators in Washington on Friday and Saturday. Attendance is by invitation only.

His invitation came from the office of the Secretary of State, who said the conference will highlight current foreign policy issues.

Discussions of world affairs will be conducted by ranking officers of the State Department. The role of education in dealing with international relations will be discussed with officers of several government agencies.

Alabama Senator John Sparkman has branded as unconstitutional and deplorable a Johnson Administration housing bill which the veteran Alabama senator says would destroy the property rights of every home owner in America. Senator Sparkman last week attacked the bill in a stinging speech before the Senate's Constitutional Rights Subcommittee.

Col. L. P. Schockner, deputy commander of the Army Aviation Center at Fort Rucker, challenged the 262 basic trainees here last week to outperform the outstanding 399 trainees who completed eight weeks of instruction in early May.

Col. Schockner welcomed the new trainees at the Post Theater on their first day of training and told them, "Your destiny for your stay in the military will be formed here in the first eight weeks and it's how well these fundamentals are mastered, how well you learn to just to your fellow man, and how well you learn to accomplish the seemingly impossible that will determine how successful your career as a soldier will be."

The deputy Commander emphasized that perseverance, dedication, and the compulsion to learn to get the most out of basic training. He continued, "Once you have basic training behind you, opportunities in the Army are unlimited."

Col. Schockner said, "Today's soldier has more education, is more alert, and is motivated by the realization that he might find himself in Viet Nam. This combined with your cooperation will enable us to teach you the fundamentals of being a good

## ESJC Sets Registration For June 20

Registration for summer classes at Enterprise State Junior College has been postponed for one week.

President B. A. Forrester said registration for each day and evening classes would be held Monday, June 20, in the new library. Hours will be the same as first announced, 8 a.m. to 4 p.m. for day-time classes and 6:30 p.m. to 9 p.m. for evening classes. Actual classes will begin Tuesday, June 21.

The change will not affect the closing date, Forrester said. Summer school will end as originally scheduled, on August 26.

Monday, June 13, had originally been set as registration day, but because of weather delays the paving of streets and parking areas on the new campus, the business office are open this week as usual.

**Enterprise Firm Awarded Contract**

The mayor of Enterprise, M. N. Brown, was advised by Congressman George Andrews of a contract from Naval Air Engineering Center, covering \$1,314,678.70 on Mat Assemblies awarded Washington Aluminum Company.

The work will be done in the Enterprise plant and will take about six months to complete.

Readers of the Clipper who have social news, or more trip or have out of town company are urged to call the Clipper office so you, friends and neighbors will know of your activities.

**Pittman Nominated For Judgeship**

Circuit Judge Virgil Pittman, of Gadsden, and a native of Enterprise, has been nominated by President Johnson for the new judgeship in South Alabama created during the last session of Congress. Pittman is currently presiding judge for the state 16th circuit at Gadsden. When Congress gives its expected approval, Pittman will move to Mobile and assist both U. S. Judge Daniel H. Thomas, of Mobile, and U. S. Judge Frank M. Johnson, Jr., of Montgomery.

Mrs. Pittman, the former Floyd Lassiter, also of Enterprise, said she was anxious to return to her home area after twenty years in Gadsden.

Financially, the lifetime appointment as U. S. Judge pays \$30,000 a year.

## Old Age Pensioners In Alabama To Get State Help On Medicare

Alabama's old age pensioners will not have to pay the \$40 deductible required under the new Federal Medical Care Program (Title XVIII of the Social Security Act, Part A) nor certain other costs required of individual beneficiaries. Further, the pensioners will each receive a \$3 increase in payments to cover the cost of the voluntary insurance for which they signed up under Part B of Title XVIII.

Effective July 1, 1966, therefore, instead of continuing the present program of hospitalization and physicians' service provided for old age pensioners and persons eligible for Medical Assistance to the Aged, the Department will pay certain deductibles for old age pensioners and medical assistance to the aged recipients who qualify under Part A (Title XVIII of the Social Security Act). These deductibles are: (1) \$40 for the first 60 days of hospitalization in each spell of illness; (2) three parts of whole blood; and (3) \$20 plus 20 percent of the remainder for out-patient diagnostic service in the same hospital during a 20-day period.

Budgets of old age pensioners will be increased in July by a basic item for "health needs" and

amounting to the \$3 a month that the voluntary supplementary medical insurance costs. Thus, recipients will be able to pay for the insurance.

It was also noted that the present programs of hospitalization and physicians' services would not be discontinued for old age pensioners and MAA recipients who fail to qualify for Title XVIII because they are aliens or belong to certain organizations or have not provided acceptable age verification to the Social Security Administration.

The U. S. Commissioner of Welfare will be asked to approve the action of the Board, so that actual implementation can begin.

**Church Of Christ To Build New Building**

The beautiful church building pictured above is a drawing of the new home of the Church of Christ which is now under construction on the Elba-Highway across the highway from the new elementary school.

This is a much needed expansion for the local church and the move from the old building was necessary due to the constant expansion, and expected future expansion, of the downtown business district. The church was already experiencing cramped facilities and there was nowhere to expand. Too, the traffic condition was unsuitable. This new spacious location will eliminate the old building.

Readers of the Clipper who have social news, or more trip or have out of town company are urged to call the Clipper office so you, friends and neighbors will know of your activities.

**Senator Sparkman Attacks LBJ Bill**

Alabama Senator John Sparkman has branded as unconstitutional and deplorable a Johnson Administration housing bill which the veteran Alabama senator says would destroy the property rights of every home owner in America. Senator Sparkman last week attacked the bill in a stinging speech before the Senate's Constitutional Rights Subcommittee.

Col. L. P. Schockner, deputy commander of the Army Aviation Center at Fort Rucker, challenged the 262 basic trainees here last week to outperform the outstanding 399 trainees who completed eight weeks of instruction in early May.

## Jus' Ramblin'

By  
LUCILE K.  
WOODHAM  
McRAE

WE HAVE TWO HIVES of honey bees at our house and have moved them several times because they either don't like Mack or else they like him too well. Everytime he gets within a hundred yards of them they leave the hive and take after him. It wasn't so bad when they were just starting to dig.

Several months ago we had them moved because they wouldn't leave the back yard. Then Wednesday morning when we found one of our cats had died and went to bury him he forgot about the bees and started digging a hole within about fifteen feet of the bee hives. By the time he got his hole dug and the cat in it the bees covered him. He said he was hot but by that time and the bees didn't like the way he smelled, he guessed, and didn't like him on just general principles, and as anyone would do he started fighting to keep them off and that only made the bees angry so they started to work on him.

He started a foot race with them but they were as fast as he was which was apparently pretty fast for you can plainly see a trail where he traveled through the pasture and the tall grass. He lost his glasses and work gloves on the way. After covering about fifty yards and the bees still with him he started toward the house. The bees stayed with him and when I got to the house they were still swarming around the back door daring him to come out.

After spraying him and myself good with insect spray we started out to find his glasses. They still threatened him but didn't seem to know I existed. With the spray in my hand and spraying around our heads as we went he showed me where he had come into the yard from the pasture. He didn't have to show me his trail any further - it was clearly marked from there on to where he was doing his digging. I found his glasses first and finally his glasses at least a hundred feet from where he started.

The whole thing was a show but with bad results. His face is swelled out of shape where he had received at least four stings. If I didn't know it was he I would not have known him. Some of the worst things can be the funniest and that was one of them.

But it is not funny to Mack. Merle says Mack ought to be a comic strip anyway with his actions and that just putting his everyday activities in print would create plenty of reading interest. Mack may not agree with all that swelling from bee stings right now.

When I left home to come back to the office those bees were still swarming around the back door daring Mack to come out.

The bee industry at our house is severely threatened right now and I'm expecting to go home and find our place short of the bee business.

Though they are mean little things I enjoy having them and watching them work but it looks as if keeping them is going to be rather troublesome.

THIS SUNDAY is Father's Day and it's beef for father.

Mr. and Mrs. Raymond Taylor, of Marion, Indiana, are visiting her mother, Mrs. Dave Vaughan.

We're told by the Cowbells to impress him with gifts, honor and praise, and then feed him his favorite steak, either T-Bone, Sirloin, Club, Filet or Porterhouse - prepared but how he likes it - rare, medium, well-done, sizzling hot, tender and delicious - that's the way men like steak. "Cooking in or cooking out" he'll be pleased most by a steak dinner on Father's Day.

Now, the only problem is getting up the money to pay for it, but there is no better way to please father, mother and the kids.

Today beef cattle is one of the state's largest and most important agricultural industries.

MACK and I had all kinds of plans for the summer but as usual it hasn't panned out that way. We hoped to make a trip in the Spring - then it was postponed until Summer and now it is to be in the Fall. But don't hold your breath until we get off - we will believe it when we get about a thousand dollars start. But we will be making several short trips this summer, mostly towards me where I have never visited before. It was clearly marked from there on to where he was doing his digging. I found his gloves first and finally his glasses at least a hundred feet from where he started.

The whole thing was a show but with bad results. His face is swelled out of shape where he had received at least four stings. If I didn't know it was he I would not have known him. Some of the worst things can be the funniest and that was one of them.

But it is not funny to Mack. Merle says Mack ought to be a comic strip anyway with his actions and that just putting his everyday activities in print would create plenty of reading interest. Mack may not agree with all that swelling from bee stings right now.

When I left home to come back to the office those bees were still swarming around the back door daring Mack to come out.

The bee industry at our house is severely threatened right now and I'm expecting to go home and find our place short of the bee business.

Though they are mean little things I enjoy having them and watching them work but it looks as if keeping them is going to be rather troublesome.

THIS SUNDAY is Father's Day and it's beef for father.

Mr. and Mrs. Raymond Taylor, of Marion, Indiana, are visiting her mother, Mrs. Dave Vaughan.

FOR EXERCISES I asked Mack to buy me a lawn mower, but I guess he is afraid he will end up being the one who has to use it so I'm still without a lawnmower. He was going to get some certain something so that it would not be so hard to crank - I guess he thought for sure he would catch that job. He claims he has not found the right type of mower for me. So I asked him about getting me a riding mower and he said he would mark the pasture. He is real disgusted with me and the lawnmower problem.

THE TIME has been here for GRASSROOTS OPINION.

STOCKHOLDERS SHOULD WAKE UP! The people are the stockholders in the greatest corporation in the world, the U. S. government. Just as in a business corporation, they elect the officers and directors of the "company". If the officers of our government corporation spend its money faster than it comes in and good business practice warrant, it is up to the stockholders (voters) to express their views at annual meetings (elections).

If they don't do this, and if they accept countless greater dividends (gifts) than the corporation's income can stand, they are headed for trouble. In the case of government, that means assessments (increased taxes) for every stockholder (citizen) - or economy to bring the operating costs of the corporation within its income.

The stockholders in the U. S. government corporation have a choice - they can instruct their elected officers and directors to cut expenses to income, or they can pay higher taxes.

The result of rising public debt, waste and demands for more money for the government is inflation. The stockholder voters are getting a taste of inflation. But they have seen nothing yet, unless they curb their own demands and those of their elected officers and directors. They still have free elections and the right to vote and express their wishes.

If they don't do this, and if they accept countless greater dividends (gifts) than the corporation's income can stand, they are headed for trouble. In the case of government, that means assessments (increased taxes) for every stockholder (citizen) - or economy to bring the operating costs of the corporation within its income.

The stockholders in the U. S. government corporation have a choice - they can instruct their elected officers and directors to cut expenses to income, or they can pay higher taxes.

The result of rising public debt, waste and demands for more money for the government is inflation. The stockholder voters are getting a taste of inflation. But they have seen nothing yet, unless they curb their own demands and those of their elected officers and directors. They still have free elections and the right to vote and express their wishes.

**Elba General Hospital Patients**

## PROCLAMATION

### "Beef for Father's Day"

WHEREAS, BEEF cattle is one of Alabama's largest and most important agricultural industries; and WHEREAS, Alabama has more than 1,450,000 head of BEEF cattle; and WHEREAS, Alabama ranks 14th among all states in the total number of BEEF cows; and WHEREAS, Alabama cattlemen make a tremendous contribution to the economy of Alabama; and WHEREAS, BEEF is a delicious, nutritious meat and is so important in the building of healthy bodies; and WHEREAS, the members of the Alabama Cowbell Association and Alabama Cattlemen's Association, desire to urge the people of Alabama join with them in serving BEEF to the Father of the household on Father's Day, June 19, 1966;

NOW, THEREFORE, I do hereby proclaim that BEEF shall be the traditional dish for Father's Day and urge all citizens to join with the Cattlemen and Cowbells of Alabama, in the promotion of BEEF for Father's Day.

IN WITNESS WHEREOF, I have hereunto set my hand and the Seal of the State of Alabama, this 13th day of June, 1966.

GOVERNOR

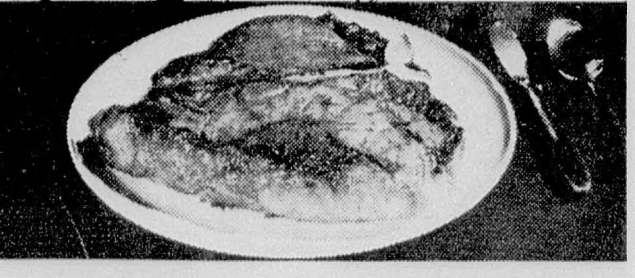

## Let Beef Be Star Of The Meal

"Fill 'em up-give plenty of BEEF!" When you're cooking out, you can be sure that the appetites will be even larger and stronger than the delicious aroma of the BEEF cooking over those glowing charcoal embers! So don't be caught short! Be sure you have enough to meet the demand, so that not one person will fail to have his fill of delicious, nutritious BEEF. There's nothing you can eat that's more delicious, more nourishing or more satisfying, whether you're the gourmet type, an average patio chef, or just a lover of good eating.

When buying BEEF with the bone in, such as a standing rib roast or a porterhouse steak, you're wise if you allow from three quarters to a full pound of beef per appetite - or per person.

If you buy boned or boneless BEEF, a half pound per person is usually enough to satisfy most BEEF eaters. Sirloin, porterhouse, club, or rib steaks should be cut about one and a half inches thick for best results and for top flavor - and for the most compliments from your family or guests.

A rib roast of less than two pounds or a rolled roast weighing less than four pounds is not recommended for barbecuing. Remember, the best rule is to "buy enough," so nobody will be disappointed. Smart BEEF cooks know that its extra goodness means that the appetites will be bigger - flavor better - and nutrition at an all time high - when BEEF is the star of the meal.

Treat DAD to a STEAK on his special day. It's a meal fit for a king! Our top-quality steaks are served the way Dad likes them...rare, medium or well done. Make Father's Day a pleasure for Dad, and the entire family. Dine out!

**FROSTY MORN**  
Carlton Larkins, Manager  
ELBA, ALABAMA

## Beef Perfect Senior Citizens Food

BEEF, of course, is the perfect food for any person in any age group, but it's particularly important for the senior citizen. The older person frequently consumes a high carbohydrate, low protein diet. Because protein requirements remain the same and calorie needs are somewhat lower for the older person, BEEF is a particularly valuable food for the senior citizen. Serve it often.

## Serve Ground Beef Many Ways

Lean, ground BEEF offers limitless variations for good, wholesome, healthful, and economical dishes. Because of its low fat content it is low in calories, yet high in the body building and tissue repair proteins. Ground BEEF is tender in texture because of having been ground. But it should be handled gently, for packing and heavy pressure may make it too compact, giving it a tough texture.

Combining ground BEEF with eggs, bread crumbs, potatoes, oatmeal, cornflake crumbs, rice and other cereals make for tender results and they also act as a good food extender. Ground BEEF is used to good advantage in patties, sauces, meat loaves, casseroles, and hundreds of tasty dishes. It is an economy cut of BEEF and it is so good for you!

## Bowdoin - Teel Wedding To Be July 16

Mr. and Mrs. Foy Bowdoin announce the engagement and forthcoming marriage of their daughter, Foyce Ann, to Mr. Danny Ray Teel, son of Mr. and Mrs. Von B. Teel, of 12 Wisconsin Drive, Pensacola, Florida.

Miss Bowdoin is a graduate of Elba High School and attended Troy State College.

Mr. Teel is a graduate of Escambia High School in Pensacola and is attending Troy State College where he is a member of the "T" Club.

The bride-to-be's maternal grandparents are the late Mr. and Mrs. W. S. Reeves of Elba, Alabama. Her paternal grandparents are Mrs. D. A. Bowdoin and the late Mr. Bowdoin of Elba, Alabama.

The groom-to-be's maternal grandparents are Mrs. A. J. Austin and the late Mr. Austin of Sylacauga, Alabama. His paternal grandparents are the late Mr. and Mrs. Lorne Teel of Sylacauga, Alabama.

The wedding will be an event of July 16, at three o'clock in the afternoon, at the Elba First Baptist Church.

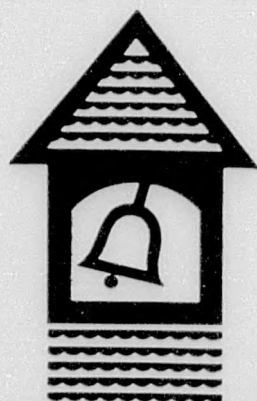

All friends and relatives of the couple are cordially invited to attend the ceremony and the reception which follows immediately in the church social hall.

Miss Foyce Ann Bowdoin

## WHITMAN DRUG CO.

Telephone 897-2407 - Elba, Alabama  
PRESCRIPTION CHEMISTS  
We are now headquarters for Bell Tone Hearing Aid Batteries.

Sniffing salt water into and through the nose is an old fashioned home treatment which most medical authorities say can be harmful. The benefits, they state, are small or nonexistent. The pressure caused by sniffing tends to spread germs to new locations faster than it suppresses them.

Sinus trouble is primarily the obstructed flow in or out of the sinuses, which are like caves that connect into the nasal passages. A severe cold and its associated germs may swell the tissues so the entrances to the sinuses are closed. But a physician must look for other causes of chronic cases. He must correct the basic trouble. If medication is needed, we can fill any prescription.

**YOUR DOCTOR CAN PHONE US** when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people retreat us with their prescriptions. May we compound yours?

After teaching math for 38 years at Phillips High School, in Birmingham, Miss Geanette Garrett is retiring and has returned to Elba to live with her mother, Mrs. J. M. Garrett, and her brother, John Garrett.

## D-Aun Wilson Has Birthday

Mr. and Mrs. Lamar Wilson honored their daughter, D-Aun, on her seventh birthday, June 4, with a party at their home.

Punch and party cupcakes were served and the young guests enjoyed games directed by Mrs. Wilson and Mrs. Dorothy Whitehurst.

Enjoying the occasion with the honoree were: Jean Kelley, Terrie Kelley, Lee Beck, Lynn Whitehurst, Cindy Lewis, Johnny Dyess, and Greg Ellenburg.

The employees of National Security Insurance Company enjoyed a covered dish supper held at the Elba Recreation Hall on Saturday night, June 11.

The evening's diversion was various card games.

**ATTEND THE CHURCH OF YOUR CHOICE SUNDAY**

**"AND THEN PRINCE CHARMING"**

Do you remember the undivided attention you gave to a story-teller... when you first heard Cinderella, Snow White, or some gallant warrior bold? It seems so long ago. And yet, that attention reveals within ourselves more than dreams; it reveals a secret longing after mysteries, after the things we do not understand, but somehow love.

Religion, in a way, is somewhat like that. Everybody is religious! But, of course, everybody doesn't call it that! Nevertheless, there is in the heart of man a secret yearning, a wish, a hope for things eternal. We express those wishes in church.

And somehow God hears our wishes and consoles and explains. That is a very important part of the Church; for it is a place of consolation and understanding, a place where wishes (prayers) are heard, where the mysteries of life gain new meaning.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Ivy Green

Ivy Green, a small cottage in Tusculum, rivals many of the most magnificent palaces and mansions in the world in the only categories which really count—those which live in the house and what was done there.

Here Helen Keller was born more than 85 years ago. Only two years old when stricken by an illness which left her blind and deaf, Helen won the first rounds of her battle against darkness and silence on the grounds of this northwest Alabama home.

Helen was seven years old before she spoke her first word, standing beside a well with her teacher Anne Sullivan, she learned to say "water".

Five letters of the alphabet have seldom had more impact on the world: This word inspired millions of blind, deaf or afflicted people to overcome their handicaps.

This well is still standing at Ivy Green, along with much of the home's original furniture. So is "Whistle Path" where Helen walked from the house to the outdoor kitchen.

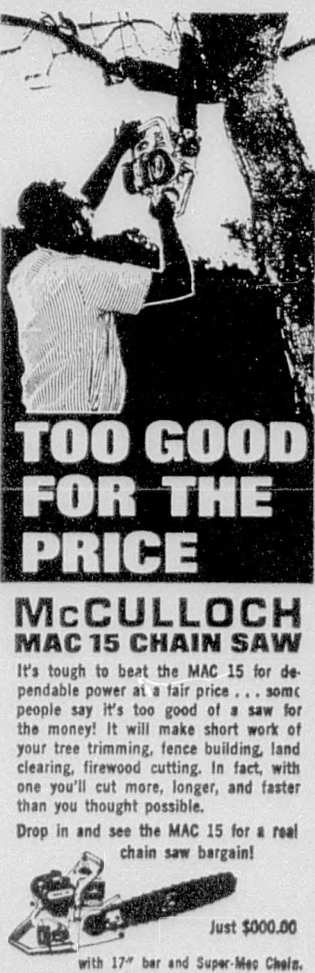

Ivy Green was built in 1820 by Miss Keller's grandfather. It typifies simple Southern life of another era. Mimosa, sparrowing oak, magnolia, lilac, jasmine and English ivy thrive around the clapboard cottage.

Tusculum relives the remarkable feats of Helen Keller during the months of July and August when a local theater group presents "The Miracle Worker" on the grounds of the birthplace.

## HEART ATTACKS

If your blood pressure is high, your doctor can help you bring it down and reduce your risk of heart attack, Alabama Heart Association advises. Coronary risk goes up when blood pressure is elevated.

A quarter of a million people in the United States who died of coronary disease in the past year never reached their score and ten, your Alabama Heart Association reports. They died too young, between the ages of 25 and 44.

## Enroll For Medicare

Mr. Harry N. Scott, social security district manager in Dothan, says that more than 17,000,000 Americans over 65 know a bargain when they see one. That's how many people have elected to take advantage of Medicare's medical insurance program. These millions realize that at \$3.00 a month they are getting protection against medical bills at a price that can't be beaten, since 50 percent of the cost is paid by the Federal Government. The basic

hospital insurance program under Medicare, which provides hospital and related care, is offered without cost to people over 65.

However, Mr. Scott had a word of warning for people enrolled in the new Medicare plan.

"Do not cancel your present health insurance policy until July 1, 1966, when the Medicare law becomes effective." Further, he cautioned those who are not yet eligible for Medicare to continue their private health insurance until they become eligible.

Mr. Scott suggested that prospective Medicare beneficiaries ask at the social security office for pamphlet OASI-35, a summary of the benefits provided

by social security. In addition, he suggested that each individual check with his private health insurance agent in preparation for the transition to the social security Medicare program.

They then saw a link trainer demonstration, followed by a static display at Hooper Stagesfield of Army aircraft.

After lunch, the boys rode in a CH-47 Chinook at Knox Stagesfield and then visited the Army Aviation Museum before standing retreat.

The evening itinerary included swimming at The Aviation Center pool and a campout at Beaver Lake. Friday they spent the day at a survival training demonstration, learning how a person can live off animals, reptiles and plants if necessary.

The Scouts departed Ft. Rucker Friday at 5 p.m.

## HOUSEHOLD HINT

If you're planning to use your washing machine for

drying materials, put a plastic bag over the lid of the washer to keep the splash from staining it.

## Battle Rages With Local Ball Teams

Two Elba Little League teams have started a battle for first place right at the first of the baseball season. Yanks 2-1; Tigers 2-1; Cards 1-2 and the Pirates 1-2.

The summer recreation program includes swimming classes on Monday, Wednesday and Friday. There are 15 children enrolled in the swimming classes.

## Mullins Decorated For Service In Viet Nam

JOHN R. MULLINS

Warrant Officer John R. Mullins, son of Mr. and Mrs. W. H. Mullins of Brundidge and grandson of Mayor and Mrs. L. P. Mullins of Elba has just returned from a tour of duty in Viet Nam. He will report to Ft. Rucker in July as an instructor in helicopters.

Mullins was awarded the Air Medal with ten Oak Leaf Clusters, the Purple Heart by the U. S. Army and the Cross of Gallantry with Silver Star from the Vietnamese Army for support action in their behalf. He has also been recommended for several more Oak Leaf Clusters with his Air Medal. Other decorations include the U. S. Service and the National Defense

## Elba General Hospital To Accept Medicare Patients On July 1st

The Elba General Hospital was notified last week that it is one of eight hospitals in this area that has been approved to participate in Medicare beginning July 1, 1966. The announcement was made by Harry N. Scott, Social Security District Manager, who was making the announcement for the U. S. Department of Health, Education and Welfare. The Elba hospital has

## Burning Lights Are Holiday Safety Symbol

The burning headlights on motor vehicles will be the symbol of safety for July 4th holidays in Alabama.

This "Lights On For Safety" program, jointly sponsored by the Alabama Department of Public Safety and the Alabama Trucking Association, is a means of reducing traffic accidents and a reminder to focus attention of drivers on the need for safe driving during the traditionally dangerous holiday weekend.

Motorists are requested to turn on their headlights while in motion from 6:00 P.M., Friday, July 1st, until Tuesday, July 5th.

Public Safety Director Colonel C. W. Russell called attention to the fact that each year there is a tremendous and unnecessary loss of lives on Alabama's highways through accidents involving motor vehicles during periods when so many more families are on the road.

## Teen Club Successful In Elba

A wonderful thing happened in Elba several months ago when the local teenagers formed a Teen Club to plan wholesome activities for all the Elba teenagers.

The most popular of these activities has been the Saturday night dance that is attended by so many teenagers that the club has been able to attract bands that demand as much as \$150 a night. The funds for these bands come from the small charge imposed on the teenagers by the teenagers.

All the planning and management is done by the teenagers themselves and they do the cleaning of the club building themselves on a volunteer basis. Many of the parents have acted as the weekly chaperones and these and others who drop in on their children's "creation" just shake their head at the "modern dancing" and go home content that their youngsters are safely enjoying themselves with good wholesome recreation and are not out on the highways or involved in many other unhealthy activities that "just happen alone" when young energy has no outlet. Any parent is invited to drop in and see the Elba Teen Club at any time.

Those who are distressed with "this younger generation" need only to see how these Elba youngsters have planned, executed and governed their own activities to know that all is not lost in Elba, Alabama.

Revival services will start at the Friendship Baptist Church on Monday night June 27. The time is 7:30.

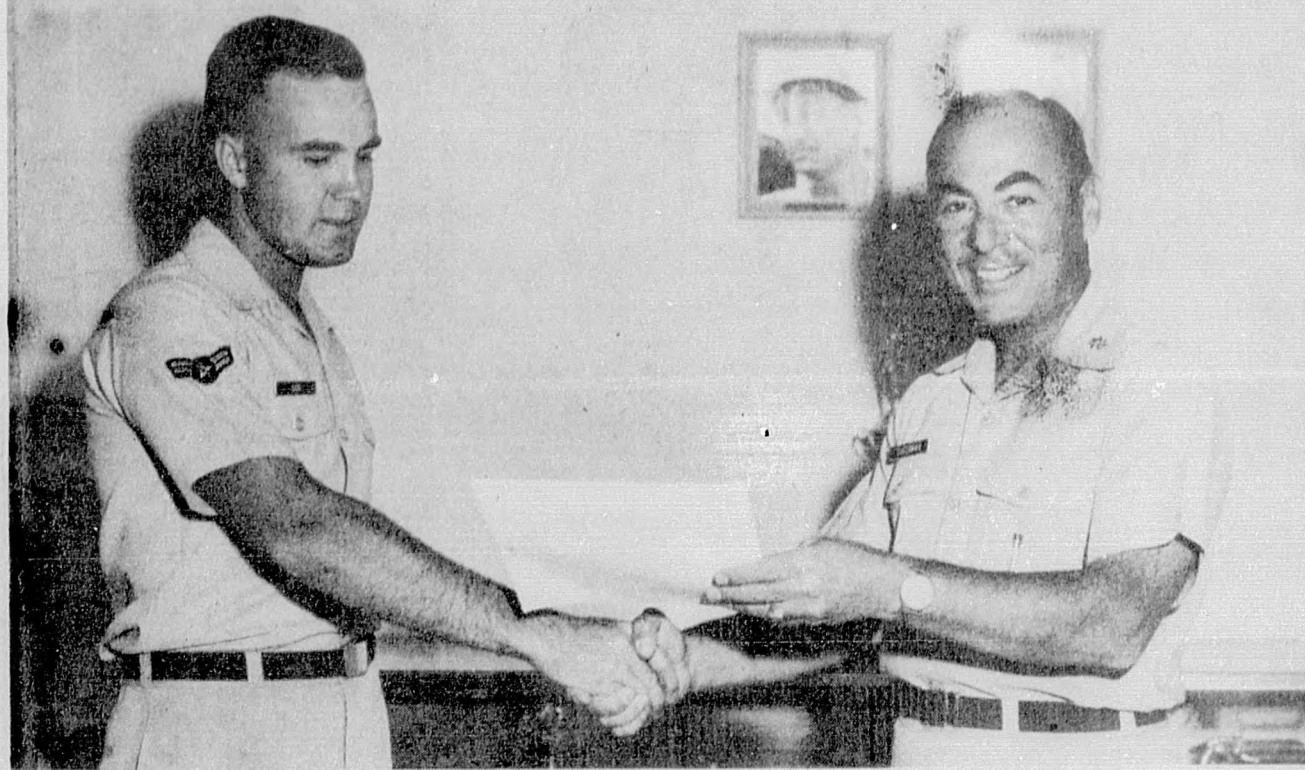

This revival will end with a community wide Homecoming Day July 3rd.

The revival will be led by the Reverend Q. P. Davis, pastor of the First Baptist Church in Albertville, who is a native of the Friendship community. Others on the program besides the Reverend Davis include the Reverend Ethen Fleming, the Reverend John L. Carnley, the Reverend Ray Cooper, the Reverend Grady Grimes and the Reverend James Frischers. L. M. West is the pastor of the Friendship church.

The Elba City Council held its regular meeting Monday night June 20 in the City Hall. There was no protest to the recently proposed rezoning of these areas were rezoned and plans have already begun on developing all three into tax paying real estate.

The business to be acted upon by the council was in short supply therefore after discussing several items for future action the Elba City Council adjourned until Friday July 1st. This meeting will replace the normal first Monday meeting which falls on July 4th.

Miss McDermott was the daughter of Mr. and Mrs. James C. McDermott of New Brockton.

A.C. HAROLD C. CAIN, son of Mrs. Katherine L. Harper of Elba, was selected Airmen of the Month for the month of April at Holloman AFB, New Mexico. Cain outstandingly performed his duties as an administrative clerk in the U. S. Air Force. Cain is a graduate of Elba High School and attended Troy State College prior to joining the Air Force two years ago.

He is continuing his education by attending night school at the Community College at Holloman.

He has one brother, Navy CPO James L. Cain, stationed at Key West, and one sister, Sue Harper, of Elba.

Cain is shown here being congratulated by Lt. Colonel Leonard R. Sugerman.

J. H. BRUCE

New Realty Office Opens In Elba

J. H. Bruce, of Elba, has recently been licensed by the State Real Estate Board to sell real estate. Bruce announces that his real estate office is located upstairs over City Electric and Plumbing and will be known as B & B Realty.

Friendship Plans For Revival

Revival services will start at the Friendship Baptist Church on Monday night June 27. The time is 7:30.

This revival will end with a community wide Homecoming Day July 3rd.

The revival will be led by the Reverend Q. P. Davis, pastor of the First Baptist Church in Albertville, who is a native of the Friendship community. L. M. West is the pastor of the Friendship church.

The Elba City Council held its regular meeting Monday night June 20 in the City Hall. There was no protest to the recently proposed rezoning of these areas were rezoned and plans have already begun on developing all three into tax paying real estate.

The business to be acted upon by the council was in short supply therefore after discussing several items for future action the Elba City Council adjourned until Friday July 1st. This meeting will replace the normal first Monday meeting which falls on July 4th.

Miss McDermott was the daughter of Mr. and Mrs. James C. McDermott of New Brockton.

## Martin To Visit Elba This Week

Congressman Jim Martin, Republican candidate for governor, will visit Elba this Saturday afternoon. He will arrive at the Elba airport at 2:00 P.M., Saturday, and will be at the courthouse until 2:30. The public is invited to meet with Congressman Martin.

A motorcade will then travel to New Brockton and from there to a coffee at the Community Center, in Enterprise, from 3:30 to 4:15. He will be in downtown Enterprise from 4:30 until after 5 o'clock.

The picture usually associated with rabid dogs in which there is drooling from the mouth, snarling, and unnatural stance of gait, does not appear until the disease is in its final stages. This is why it is important that an animal which has bitten someone be captured and confined for observation to determine if it actually has rabies.

In humans the time between being bitten by a rabid animal and the onset of symptoms is also variable. Symptoms can occur within ten days or as long as seven months. Once symptoms have appeared, however, the

Whitman Is Awarded Doctorate

J. D. Whitman Jr., (Buddy) son of Mrs. J. D. Whitman and the late Mr. Whitman, was recently awarded a Ph. D. degree from F. S. U. in Tallahassee. Dr. Whitman graduated from Elba High School and later earned a B. S. with a major in English from Troy State College. He continued his education at Tulane in New Orleans and was awarded an M. S. degree from that institution. He then joined the faculty at Clemson College, Clemson, S. C., as an English instructor, which position he filled for 3 years.

For the past 2 years he has studied and taught at F.S.U. until completing work for a Ph. D. degree.

He will spend the summer in Elba. In September he will go to Mobile where he has accepted a position in the English Department of the University of South Alabama.

## Dr. McLeod Warns Of Rabies Danger

Dr. C. D. McLeod, Coffee County Health Officer, describes rabies as a disease caused by a virus found mainly in the brain, salivary glands, and saliva of dogs, cats, monkeys, skunks, rabbits, bats, foxes and other animals. This virus can be present for a short time or for a long period before signs of the disease appear.

The virus is transmitted by saliva through an open wound such as a bite. It generally is present only in the saliva beginning with the two to three day period before the animal shows evidence of having the disease. Thus, an animal that has attacked and bitten may outwardly appear normal.

The picture usually associated with rabid dogs in which there is drooling from the mouth, snarling, and unnatural stance of gait, does not appear until the disease is in its final stages. This is why it is important that an animal which has bitten someone be captured and confined for observation to determine if it actually has rabies.

In humans the time between being bitten by a rabid animal and the onset of symptoms is also variable. Symptoms can occur within ten days or as long as seven months. Once symptoms have appeared, however, the

Miss McDermott was the daughter of Mr. and Mrs. James C. McDermott of New Brockton.

CHARLES ELLIS

Chamber Of Commerce Elects Prexy

Charles Ellis was elected president of the Elba Chamber of Commerce at the regular meeting held Tuesday night at Paul's Cafe. He replaced Jack King, who has served for the past year.

Ellis promised to devote himself to the job and carry it out with enthusiasm, that on has approached other civic duties, both local and statewide.

## Horse Show Planned For July 4th

Horse show lovers from many different places have expressed an interest in coming to Elba on Monday July 4th for the second annual horse show sponsored by the American Legion.

Spectators will be admitted free for the entire docket of twenty events that have been selected to give a wide assortment of entertainment to both participants and spectators.

The event is approved by the Northwest Florida - South Alabama Horsemen's Association and all points earned will be counted toward the season's total in the Associational standings. There will be a trophy and five ribbons for each event.

All activities will be in the American Legion Park on the Troy highway and the concession stands will be open.
